## PM – Pension Program:

Our Pension Program for your Security

- As a family-run company, PM –International takes it for granted that their self-employed distributors are also provided with social security for retirement.
- Therefore we have developed a unique pension scheme in cooperation with one of the World's largest insurance companies.
- Once you have reached a certain **Marketing Plan Position**, you have an opportunity of setting up an additional pension for yourself via PM-International.
- **We will pay half of all your contributions. Depending on the distribution-position you are in, this could be up to 1,250 euros a month.**
- Our distributors receive a **dream return on their deposits of over 100 percent.**
- ***You can choose at the payout-date between on-time payout or even a lifetime pension***
- ***The PM participates with 50% of your contribution payment - use this "sponsorship" for yourself!***
